

# Technology & Business Cooperation Days

30 May-02 June 2022

Hybrid B2B-Meetings during HANNOVER MESSE 2022: Industry 4.0, resource and energy efficient manufacturing technologies, sustainable energy & mobility, measurement tools

HANNOVER MESSE is the leading international showplace for industrial technologies, materials and product ideas. This year the fair takes place as hybrid event due to the COVID-19 pandemic. Technology & Business Cooperation Days at HANNOVER MESSE is the place for enterprises and research institutions to find partners for technology and research cooperation as well as commercial partnerships in pre-booked one-to-one meetings which will take place on the fairground or online in 2022. Since 2002, more than 6000 participants were supported with targeted bilateral meetings, resulting in numerous international partnership agreements.

Organised by the ENTERPRISE EUROPE NETWORK, the world's largest support network for SMEs with international ambitions, with special contributions of the networks sector groups and the EUROPEAN INNOVATORS initiative, the brokerage event stands for initiating excellent cross-border contacts and collaborations.

Registration is free of cost and possible until 24th May 2022!
